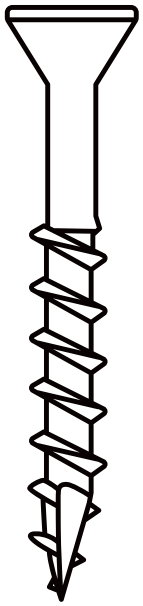
STAINLESS SCREWS

Sure Drive® Stainless Steel Screws are ideal for exterior and specialty applications where durability, corrosion resistance, and long-term performance matters most.

BENEFITS & FEATURES:

- **305 Stainless Steel**
  Provides corrosion resistance for exterior, coastal, and high-moisture environments.
- **Star Drive**
  Six-point star drive recess reduces cam-out, improves bit engagement, and allows for smoother installation with fewer stripped heads.
- **Type-17 Point**
  Eliminates pre-drilling in most woods and reduces splitting for faster and easier installation.



HEAD OPTIONS:

- **Trim Head**
  Small head for low-profile, clean finish.
- **Bugle Head**
  Multi-purpose design for consistent countersinking.

TRIM HEAD APPLICATIONS:

- **Deck Trim & Fascia**
- **Exterior Trim & Molding**
- **Composite & PVC Trim Boards**

BUGLE HEAD APPLICATIONS:

- **Decking & Framing**
- **Fencing & Outdoor Structures**
- **General Wood Construction**

7 x 1-5/8" – 7 x 3"

- Trim Head
- 305 Stainless
- Type-17 Point

7 x 1-1/4" – 10 x 4"

- Bugle Head
- 305 Stainless
- Type-17 Point
