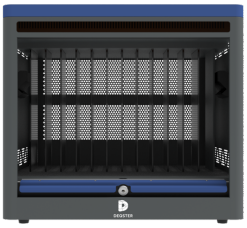
DEQSTER Charging Cube CC 12

30-CC12



Overview

STRUCTURED. SECURE. READY TO GO.
The DEQSTER CUBE CC12 charges and protects up to 12 tablets – space-saving, stackable, and ready for everyday school life.
Digital education needs structure. The DEQSTER Cube is the answer to the daily charging and storage chaos in schools. With space for up to 12 tablets or laptops up to 15.6", the CUBE CC12 ensures reliable charging management thanks to Power Delivery (up to 45W per port), LED status indicators, and active ventilation.
Whether freestanding in the classroom, integrated into a cabinet, or wall-mounted – the Cube adapts flexibly to any environment. The lockable roller shutter door protects the devices from unauthorized access and keeps the room looking neat and organized.
Included USB-C cables, rubberized slots, and recessed handles on both sides make the Cube an everyday hero for IT admins, teachers, and media coordinators.
Easy charging. Better learning. With the DEQSTER CUBE.
