# Lap Siding Step Bead Submittal Sheet

| STOCK NO. | A SIZE | B SIZE | LENGTH | PCS. PER BOX |
|---|---|---|---|---|
| SSB 75-50 | ¾" | ½" | 10' | 50 |
| SSB 78-58 | ⅞" | ⅝" | 10' | 50 |
| SSB 100-50 | 1" | ½" | 10' | 50 |
| SSB 100-58 | 1" | ⅝" | 10' | 50 |

**Description:** Simulate the crisp look of lap siding — using only stucco. The Lap Siding Step Bead mimics the clean lines of cement board siding using stucco alone, saving time and labor costs. A built-in double ground functions as a screed between adjoining bands, while grooved flanges enhance the bond to the stucco for a clean, durable finish.

**Advantages:** Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

**Applicable Standards:** Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

**Installation:** Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
